

Burke Museum

Archive Research Request

The Burke Museum offers a **free preliminary research report**, which includes an initial database search along with a review of our family history resources, local history collections, and other basic public records. If further in-depth research is required, we provide a **fee-based service at a rate of \$46 per hour**. Completion of research requests typically takes **approximately 4 to 6 weeks**. Please note that while we do our best to locate relevant information, historical records are often incomplete or contain gaps, and we cannot guarantee that the information you are seeking will be found.
